thinking? Why should I as a true
democrat vote for you? Especially
dealing with life or death issues.

MARSHALL
Young man I think the fact that I
am here fighting for this party's
nomination clearly states where I
stand, so if you don't have real
question---

LANGSTON
But I do. What is your opinion
regarding the recent vote that
congress has attempted to pass
regarding the NA and the new
amended gun laws?

MARSHALL
I am all for the efforts put forth.
Even though the constitution gives
us the right to bear arms. We need
to protect the innocent from being
harmd. And that has always been my
mission since day one. We need to
be able to look to our leaders to
feel safe.

The crowd lightly claps as Carver Monroe smiles as he
scribbles on his note pad and raises his hand to the
moderator.

MODERATOR
Senator Monroe.

START
CARVER
Shame on you Mr. Grant. The
emergency bill that was passed this
morning will set gun laws back a
hundred years...

Marshall scrambles through his notes and looks off to the
side of the stage to his team.

CARVER
That's why we cannot allow someone
so out of touch with the people to
get into the office again. I will
do everything in my power to
retract the terrifying gun
proposal. Maybe Mr. Grant here is
only concerned about his own

safety. I'm concerned about all of
our safety and most importantly the
safety of our children. After all
they are the future and their lives
matter. Am I right?

The crowd goes wild and stands to their feet as Carver
raises his hand in victory. Marshall tries to put on a brave
face as the moderator wraps up asking them for their final
comments. FADE OUT.

3 INT. HALLWAY AT CONVENTION CENTER 3

Marshall is flustered as he moves through the hallways. Up
ahead he sees Langston walking with Carver. They are talking
as if they are very acquainted with each other. Marshall
stops as he allows him to pass by him. Carver and Langston
never make eye contact with Marshall. Marshall turns and
watches them as they pass by.

4 INT. BAR 4

After the debate MARSHALL along with his wife, campaign
manager and a couple of interns are having dinner in a
restaurant and are discussing campaign strategies.

MARSHALL
Today was a big loss, we were
winning what the hell happened. How
could I fall for his trap.

CAMPAIGN MANAGER
Marshall it wasn't televised
nationally just locally. We will
have to make up for it at your next
stop here before we leave. I have
plenty of media coming out and you
will have time to make a statement
and clean it all up.

MARSHALL
We shouldn't have to clean things
up. The country doesn't need a
fucking janitor they need a leader.

Trump is on the Television.

MARSHALL
That's all that idiot does is clean
shit up after he fucks up. Proper
